Edmonton, AB T5E 5P0**

13 January 2012

Greetings and I hope this finds you in good health and happiness.

When I assumed club duties as secretary, I also took on the role as the club membership. In reviewing membership records they indicate your membership has expired as of end-December 2011. If these records are in error and you are paid up beyond 2011 I ask that you advise me soonest so that corrections can be made and a current membership card can be forwarded to you, if you are not already in receipt of one.

However, if the records are correct and you wish to extend your membership you may do so by forwarding your dues to me at the above address. If by chance you have already put them in the mail please advise me by one of my contact points below.

In addition to dues membership I ask you provide any corrections to your postal, telephone and provide a current email address, which will be used only for club business.

Our quarterly newsletter will be out during February, which will highlight upcoming events and hopefully have updated information on the Edmonton Reunion scheduled for 2013.

I look forward to hearing for you in particular if you have an airborne related story, article or photo which could be published in the quarterly newsletter, which can be either sent via postal or email. If you do have a photo I ask that you provide all names, if possible.

Until next time...Airborne
